

Dear Student/former Student,

Maybe you have been an exchange student recently, maybe you are currently studying in a foreign country, perhaps you studied abroad some years ago at one of the many universities spread all over Europe. In any case, being a student is a really special period of one's life - this is why we would like to invite you to share your opinion and experience.

Why study abroad?

The same question was the introduction of the ESNSurvey 2010; the answers can be multiple and different.

The answer we are looking for in the [ESNSurvey 2011 "Exchange, Employment and Added Value"](#) is related to the job market: *the mobile students of today will be the mobile labour market participants of tomorrow.*

In this edition are also exploring the impact of student mobility on the environment, satisfaction with student organisations and their impact on volunteering.

Fill in the ESNSurvey 2011 and share your experience!

Answering the survey **takes less than 10 minutes**, and you have the opportunity to **win 1 out of 3 iPods!**

You can find the questionnaire online at esn.org/survey. It will be open from August till the end of November 2011.

Important!

By participating in the ESNSurvey, you will have a direct influence on the future of exchange programmes in Europe. ESN regularly shares the results of the survey with important stakeholders such as European Institutions, Universities and National Agencies. Your experience can improve the one of future students!

Should you have any questions or comments, we will be happy to answer them at survey@esn.org.

Thanks for your help and good luck with your studies and career!
